

LAN-OPTIC

Fiberoptisk jord muffe for 12 fibre incl. splidse anordning

Anvendelse

Anvendes til splidsning af fiberoptiske kabler i jorden.
Kan håndtere op til 12 fibre.

Specifikationer

Dimension: L300xD107xH38mm

Vægt: 0,8 kg

Materiale: Sort plast

Ind/udgange: 4 stk. 2 i hver side

Kabel diameter: Ø6mm - Ø10mm (max)

Specifikation

Outside dimension (LxWxH, mm)	300x105x40
Weight (excluding packing box, kg)	0.8
Sealing type	Mechanical
Number of inlet/out ports	4 optical entrance ports (2 ports on each side)
Diameter of optical loop cable (mm)	φ10 (max)
Splicing capacity per splice tray	12
Max. number of trays	1
Max. splice capacity (single fiber)	12
Material	MPP
IP Rank	67
Working temperature (°C)	-40 to +65°C
Insulation resistance	≥2X10 ⁴ MΩ
